PROGRAMME ADVISING

MSc. Management Studies (Project Management)

ACADEMIC YEAR
2025/2026

IMPORTANT INFORMATION TO GUIDE COURSE SELECTION & REGISTRATION

Online Programmes Delivery Department (OPDD)

**Kindly review this document at the start of each semester
for any adjustments to the schedule.**

New Students

Students who enrolled as of Academic Year 2025/2026 must follow the prescribed course of study and sequence given for your programme.

Continuing Students

It is recommended that students continue to follow the prescribed course of study for the year/semester admitted.

Advice For Managing Course Load

For the working adult, we recommend a maximum of two courses per semester and (1) course in summer (Part-time Status). University Regulation governing Full-Time status for Graduate Students: Full-time students may take employment for not more than twelve hours per week without losing their full-time status, otherwise they shall be registered as part-time. However, research students who hold Teaching or Research Assistantships in the area of their research programmes may be registered as full-time students, provided that their employment commitment does not exceed twenty hours per week. [Board of Graduate Studies and Research (BGSR) Regulations, August 2018, #1.46]

Plan wisely to suit your particular situation so you may perform at your full potential. Do not jeopardize your long-term goals by being unrealistic about what you can handle.

IMPORTANT NOTE for New Students

Induction Course: It is mandatory that all students participate in the Graduate Introduction to Online Learning course (OOL6001) and complete this by the end of their first semester. You can review the information about this course on the Website. If you are re-entering the programme and have completed this course already, you will not need to redo the course once done within 5 years of your re-entry.

Technology Requirement: Students will need to have access to a computer with Internet access.

Kindly check before the start of registration and during the semester for any updates or additional information. Please be guided accordingly.

The Master of Science in Management, which offers specializations in General Management, Marketing, Human Resource Management, Public Sector Management, Management Information Systems and Project Management, is intended to meet the demand in the region for more qualified persons to provide effective leadership in the public, private and non-profit sectors.

Working professionals will not only get an understanding of management theory but will also have the opportunity to gain practical experience, while developing their critical and analytical thinking skills.

Each **MSc. Management Studies programme** is a 41-credit graduate programme with the exception of the Project Management concentration, which is 40 credits.. The duration of the programme is based on the courses outlined for each teaching period. If you choose to do less than the outlined number, note that this will prolong your studies. Note that the programme does not have a full-time delivery schedule at this time, however students wishing to take on a full-time load can consult the Programme Manager to work out a personalized schedule.

MSc. Management programme operates under a semester system.

- Semester 1 and 2 each, have thirteen (13) weeks of instruction and the Summer session has seven (7) weeks of instruction.

Remember to check the programme-advising document before the start of registration and during the semester for any updates or additional information.
