

Consortium for Social Development and Research Social Work Training and Research Centre

VIOLENCE AND ABUSE MANAGEMENT PREVENTION

This training is intended to provide participants with efficient and effective skills in mentorship and guidance. The training will also introduce participants to knowledge and techniques in violence and abuse prevention and management.

The training aims to expose participants to:

- the scope and nature of violence in domestic and community settings.
- local and international best practice conventions and guidelines in Violence and Abuse Prevention and Management
- understand the specific issue of violence and abuse facing their constituents.
- techniques to intervene with clients/individuals who are impacted by violence or abuse in their homes and/or communities.
- the impact their personal philosophy, experiences and values may have on providing service to clients.

Contact Hours: 24

Certificate type: Achievement and 2.4 CEUs

Continuing Education Units (CEUs) are awarded

what are CEU's? <https://www.open.uwi.edu/cpec/about-ceu>
